Technical Data Sheet

S ULTRA RN17 FULLY SYNTHETIC

PRODUCT DESCRIPTION:

S ULTRA RN17 is a top-tier engine oil developed specifically to meet the RN17 specification for Renault vehicles, including Renault, Dacia, and Samsung models fitted with TGDl and EURO VI engines. This 100% Synthetic base stock oil offers exceptional resistance to varnish and sludge formation, ensuring engine cleanliness and longevity. With outstanding oxidation resistance, this lubricant allows for extended oil drain intervals as recommended by the car manufacturer. S ULTRA RN17 meets high-quality standards, promoting optimal engine performance and extended component life through efficient lubrication across a broad temperature range.

APPLICATION:

S ULTRA RN17 is specifically formulated for use in most gasoline engines (excluding Renault Sport & Alpine models) and new Euro 6d diesel engines from 2018 onwards, as well as diesel engines without a DPF. It is suitable for vehicles that require a Renault RN 17 specification SAE 5W30 lubricant. It's important to note that RN17 does not apply to diesel engines that require the RN0720 specification.

FEATURES & BENEFITS:

- Advanced engine protection under all driving conditions.
- Prolongs the life and maintain the efficiency of particulate filters and catalytic converters.
- Keep engine clean from deposits for optimal efficiency and long life.
- Excellent protection against viscosity and thermal breakdown

PERFORMANCE LEVELS / MEETS OR EXCEEDS:

SAE GRADE	5W-30
ACEA-16	C3
RENAULT	RN17
MB	226.52

TYPICAL PROPERTIES:

PARAMETERS	ASTM	UNIT	S ULTRA RN17
SAE Grades			5W-30
Kinematic Viscosity @ 104°F /40°C	D445	cSt	TBR
Kinematic Viscosity @ 212°F /100°C	D445	cSt	11.9
Viscosity Index (min)	D2270	-	160
Density @15°C/ 60°F	D4052	g/cm ³	TBR
Flash Point (min)	D92	°C	220
Pour Point (max)	D97	°C	-39

DISCLAIMER:

The test data provided is not a final specification; rather, it serves as a guideline and may vary within acceptable production tolerances. Bravoil reserves the right to modify this test data. Any updates will supersede previous versions, so please refer to the most recent Technical Data Sheet (TDS).

HEALTH & SAFETY, ENVIRONMENT:

Prolonged and repeated contact with oil may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used oil in to drains or the environment. Dispose to an authorized used oil collection point. For further Information on Safety Guidelines please refer to MSDS available on our website www.bravoil.ae

HEALTH & SAFETY:

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet www.bravoil.ae

PROTECT THE ENVIRONMENT:

Take used oil to an authorized collection point. Comply with local regulation. Do not discharge into drains, soil or water.

STORAGE:

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
