

## S ULTRA RN17 FE

### FULLY SYNTHETIC

#### PRODUCT DESCRIPTION:

S ULTRA RN17 FE is an advanced engine oil specifically developed for RENAULT vehicles (including Renault, Dacia, and Samsung) equipped with gasoline and diesel engines that require a Renault RN17 FE specification lubricant. This oil utilizes Mid-SAPS technology and low-friction properties to effectively reduce fuel consumption and minimize pollutant emissions. Additionally, reduced levels of Sulfated Ash, Phosphorous, and Sulphur in the oil offer protection and prolong the lifespan of modern after-treatment systems such as DPF, SCR, and GPF.

#### APPLICATION:

S ULTRA RN17 FE is a specially formulated engine oil intended for select RENAULT vehicles (including Renault, Dacia, and Samsung) that have been available since 2018 and require a Renault RN17 FE performance level oil. It is important to note that the RN17 FE standard is not compatible with any other Renault standards such as RN0700, RN0710, RN0720, RN17, or RN17 RSA.

#### FEATURES & BENEFITS:

- Reduces the hydrodynamic friction of the oil, resulting in fuel savings.
- Extremely high ageing resistance, durability and robustness
- Reduced SAPS levels protect and extend lifetime of modern after treatment systems such as DPF, SCR and GPF.
- High thermal stability prevents varnish and sludge formation.
- Excellent cold flow properties.

#### PERFORMANCE LEVELS / MEETS OR EXCEEDS:

SAE GRADE	0W-20
ACEA-16	C5
API	SN
RENAULT	RN17 FE

#### TYPICAL PROPERTIES:

PARAMETERS	ASTM	UNIT	S ULTRA RN17 FE
SAE Grades			0W-20
Kinematic Viscosity @ 104°F / 40°C	D445	cSt	TBR
Kinematic Viscosity @ 212°F / 100°C	D445	cSt	8.5
Viscosity Index (min)	D2270	-	150
Density @15°C/ 60°F	D4052	g/cm <sup>3</sup>	TBR
Flash Point (min)	D92	°C	220
Pour Point (max)	D97	°C	-39

#### DISCLAIMER:

The test data provided is not a final specification; rather, it serves as a guideline and may vary within acceptable production tolerances. Bravoil reserves the right to modify this test data. Any updates will supersede previous versions, so please refer to the most recent Technical Data Sheet (TDS).

#### HEALTH & SAFETY, ENVIRONMENT:

Prolonged and repeated contact with oil may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used oil in to drains or the environment. Dispose to an authorized used oil collection point. For further Information on Safety Guidelines please refer to MSDS available on our website [www.bravoil.ae](http://www.bravoil.ae)

#### HEALTH & SAFETY:

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet [www.bravoil.ae](http://www.bravoil.ae)

#### PROTECT THE ENVIRONMENT:

Take used oil to an authorized collection point. Comply with local regulation. Do not discharge into drains, soil or water.

#### STORAGE:

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
