

## OCTANE BOOSTER

### PRODUCT DESCRIPTION:

Octane Booster is a performance-enhancing additive designed for use with all gasoline and gasoline/ethanol blended automotive fuels. It helps compensate for variations in fuel quality and effectively increases the Research Octane Number (RON) of the base fuel. The formulation contains detergent additives that clean fuel injectors, prevent octane degradation, and maintain optimal combustion efficiency. It is fully compatible with turbocharged engines, oxygen sensors, and catalytic converters.

### APPLICATION:

- All gasoline naturally aspirated engines
- Gasoline turbocharged engines
- Gasoline supercharged engines
- High-performance and racing applications

### FEATURES & BENEFITS:

- Increases Research Octane Number (RON) by 1–2 points
- Reduces engine knocking and pinging
- Effective with all grades of gasoline
- Improves combustion efficiency and fuel economy
- Provides protection against corrosion
- Prevents formation of injector deposits
- Free from harmful alcohols
- Contains no environmentally hazardous dyes
- Formulated with advanced MMT technology

### DIRECTIONS:

- Do not expose the product to direct sunlight.
- Pour the entire contents of the bottle into the fuel tank.
- One bottle treats up to 20 gallons (approximately 75.7 liters) of fuel.
- Avoid contact with painted or fiberglass surfaces.
- Store any unused product indoors at temperatures above 50°F (10°C).
- For racing applications, add two bottles per 10 gallons (37.8 liters) of fuel.

### DISCLAIMER:

The test data provided is not a final specification; rather, it serves as a guideline and may vary within acceptable production tolerances. Bravoil reserves the right to modify this test data. Any updates will supersede previous versions, so please refer to the most recent Technical Data Sheet (TDS).

### HEALTH & SAFETY, ENVIRONMENT:

Prolonged and repeated contact with oil may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used oil in to drains or the environment. Dispose to an authorized used oil collection point. For further Information on Safety Guidelines please refer to MSDS available on our website [www.bravoil.ae](http://www.bravoil.ae)

### HEALTH & SAFETY:

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet [www.bravoil.ae](http://www.bravoil.ae)

### PROTECT THE ENVIRONMENT:

Take used oil to an authorized collection point. Comply with local regulation. Do not discharge into drains, soil or water.

### STORAGE:

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
